Know our faculty

International

Dr Sylvia Titi Singer MD

- Dr. Sylvia T. Singer, MD is a pediatric Hematologist with special interest in thalassemia
- She has been involved in the comprehensive clinical care for thalassemia patients through the Northern California Thalassemia Center, centered at Children Hospital Oakland Research Institute, Oakland, California as well as in executing and designing her own individual clinical research studies.
- She developed a special interest in the use of alternative treatment regimens for thalassemia to include agents that increase fetal hemoglobin synthesis
- She recently completed a multi-centre study on Hydroxyurea and Erythropoietin. She is currently working on a long acting erythropoietin product as well as prevention and treatment of pulmonary hypertension in thalassemia
- She has special interest in reproductive capacity (fertility) as well as pregnancy in iron loaded thalassemic patients and has specialized in this part of thalassemia care
